

SKYBRIDGE ALTERNATIVES CONFERENCE

# SALT

LAS VEGAS MAY 13-15, 2009

## CONFERENCE AGENDA

## ABOUT SALT

---

*Since 2005, SkyBridge Capital has been an industry leader in the creation of a seeding platform for some of the most talented emerging managers. This process has yielded an eclectic database of sophisticated investors from all over the world; it currently lists over 3,000 entities that qualify as first-mover investors into alternatives. The SkyBridge team includes a dedicated research, risk management, and due diligence staff as well as a group of experienced marketers. We have reached out into the community (asset managers, investors, policy makers, and service providers) and assembled an invitation-only, world-class group of guests to join us at our first annual SALT (SkyBridge Alternatives) Conference.*

*This will not be a marketing event; rather, we envision SALT as an opportunity for industry professionals to establish new relationships while learning about the cutting edge ideas that are emerging during this unprecedented time of economic crisis and uncertainty. We look forward to engaging with you in a discussion about the future of our industry, the global economy, and the ways that we can help each other grow and prosper.*

*The SkyBridge Team*
